

## Trying out for a school team??

Anyone trying out for a school team and is still eligible to participate in a Parks & Rec. activity needs to register at Rock Creek during the designated walk-in registration period for that activity.

***Online registration is only available to participants who are not trying out for a school team.***

Upon completion of the registration form during walk-in registration, a fee waiver will be issued to the participant, meaning that payment will not be collected at that time and will only be collected if participant does not make school team and still wishes to participate in Parks & Rec activity.

### **What to do if participant makes the school team:**

- In the event the participant makes the school team, the registration will be cancelled and no further action is necessary.

### **What to do if the participant does not make the school team:**

- In the event the participant does not make the school team, the registration fee will be collected (no late fee will be applied) and participant will be drafted onto a team. It is the responsibility of the participant to make payment arrangements. Participant will not officially be added to a team and will not receive a uniform until full payment is collected.

**Those who wait until the school try-outs are complete to attempt to register for a Parks & Rec. activity will go on a Wait List and will not be guaranteed a spot on a team. If the participant is pulled from the Wait List and added to a Parks & Rec. team, a late fee will apply, in addition to the regular registration fees.**
